

clusterbank maintains a virtual ledger of compute resources for the Argonne Leadership Computing Facility.

The current default version on ALCF systems is 0.2.15.1, available in ALCF softenv as +clusterbank-0.2.15.1 The latest installed version is 0.3.1, available in ALCF softenv as +clusterbank-0.3.1. (The latest version of clusterbank is always available as +clusterbank-latest.)

Feedback is solicited for the 0.3.x series, towards an eventual migration from 0.2.15.1. Look at the draft [notification message](#) for an overview of what's being changed, or read the [faq](#) to find answers to questions already asked.
